Blue Stripe	\$35	Green Polka Dot	\$75

Red Polka Dot - Individually Priced

## TREE VARIETIES

Scotch Pine, White Pine, Blue Spruce, Fraser Fir, Canaan Fir, and Douglas Fir

## To Cut Your Tree

1. Borrow a saw from a salesperson.
2. Before you cut a tree, make sure it has not been pre-tagged. Fluorescent orange ribbon and/or nametag means the tree was pre-tagged by a family already. **THIS TREE BELONGS TO ANOTHER FAMILY.**
3. Present your tree with plastic ribbon still attached (and if your tree is pre-tagged) to the salesperson in the cut tree area of the Barn.
4. The wagons will be operating on weekends, weather permitting. Please be careful. Mud will not wash off your tree so please carry it when necessary.
5. All customers must be out of the fields before dusk/dark.
6. *Baling trees with twine may loosen some needles; this is normal, and is no reason for concern when setting up your tree.*

## Tree Tagging (For those who plan to cut later)

1. Get tagging materials from a salesperson.
2. Attach the white nametag securely to the top of the tree near the plastic ribbon.
3. Using the map, record the exact location of your tree. This will make it easier to find when you come to cut it later (ie: Section, row, distance from end, etc)
4. We take every precaution to ensure your tagged tree is protected. However, we cannot be responsible for other people's actions.
5. Place fluorescent orange ribbon around top of tree. To ensure visibility, tag more than one side of the tree.

4374 Shreve Road Wooster, Ohio 44691 330-264-1014 [www.PineTreeBarn.com](http://www.PineTreeBarn.com)
